Properly repack shoes in protective clear sleeves and ship with shoe box. We are not responsible for damage in shipping due to negligent packing. Dyed goods are not waterproof. Water can damage dyed goods. Dye and Glitz are hand done art forms that are rarely flawless. Natural silk fibers may absorb color with slight tone variation. Color variance from changes in lighting are beyond our control. Dye is mixed to match supplied swatch as closely as possible. Exact match may not occur since our products are not identical fabric to supplied swatch nor dyed from same dye lot.
